Dedication

River — Mr. Crandall and Mr. "Rod" Sedegren. Through our years at Alill River they have been a triend and provided a helping hand, or smile. We make this dedication as

Getting your work done, Jerry?

Mr. Burnham Superintendent of Schools

To the Mill River Class of 1983 I would like to wish each and every member much success and happiness in the future. To date you have been extremely fortunate in many respects. The taxpayers of our communities have spared little expense to provide you with excellent educational facilities and resources. Your teachers have shown dedication and resourcefulness which is exemplary of their profession. Your parents have provided love, guidance and encouragement in addition to many personal sacrifices which you may never truly appreciate. In completing your high school program, you have achieved a major accomplishment, one for which you, also, deserve credit and recognition. As you move on in life to further education, employment, etc. I would ask that you carry with you a sense of your heritage, an appreciation of family and community and a willingness to make difficult decisions and personal sacrifices which will promote the welface of your fellow man. Good luck to you in the future.

Henry J. Burnham Superintendent of Schools Congratulations to the Class of 1983. On behalf of the faculty and administration, textend to you all our best wishes at the happy occasion of your graduation from high school. We have all endeavored to make available to you the finest opportunities to obtain a high school education that will compare with graduates anywhere. What you have learned is a result of the effort you have exerted. What you do with what you have learned is up to you.

It is our sincere wish that you leave Mill River and go on to be very successful in your future life and accomplish all that you are capable of.

Best wishes to you all.
